Source: In cooperation with SCDOT, the ranking of the high crash rate intersections in Sumter, SC Crash Rate is based upon SCDOT automobile incident/accident data from 2013 to 2016 and the "Million Entering Vehicle" accident probability formula. The ranking merely reflects one particular intersection has higher probability of automobile accident when comparing with another. Sumter Urban Area Transportation Study (SUATS) Metropolitan Planning Organization (MPO) is not responsible for any consequences of the use of the above data.

2016 High Crash Rate Intersection
